

VIROTH'S VILLA

After the success of Viroth's Hotel, Fabien and Viroth, the owners, decided to start a new adventure: the renovation of Viroth's Villa. The original building of the Villa dates from 1960 and has been refurbished following the style of this period: known internationally as the "New Khmer Architecture".

Located in the heart of Siem Reap, Viroth's Villa is a fashionable nineteen-rooms boutique hotel, tastefully designed using fifties and sixties inspirations.

The hotel has a swimming pool surrounded by tropical greenery, a restaurant serving Khmer and Western food, a lounge bar with a delectable selection of beverage and tapas, and a Spa to ensure that your stay will be entirely relaxing.

ROOMS

The interior design of Viroth's Villa is inspired by the inviting, yet refined, styles of the 1950s and 1960s. Colorful velvet patchworks delight the eye as do the modernist art objects and the specially-chosen vintage furniture that grace the rooms. Each bathroom is equipped with a rain shower and a separate WC. Our rooms are provided with a private balcony surrounded by lush tropical greenery.
